Fraud Alert

Ed Hughes, President of the Greenbelt Volunteer Fire Department and Rescue Squad, Inc. cautions Greenbelters that the Fire Department has become aware that some individuals supposedly representing the Greenbelt Fire Department, have been soliciting residents by telephone for donations. The department wants to inform all residents that no one is authorized to solicit donations on its behalf by telephone. The current fund drive is done by mail only. Anyone with information that would lead to the identification of these individuals, should call Hughes at 345-7000.

B-W Parkway Ramp Closings

On June 20, weather permitting, the southbound lanes of the Baltimore Washington Parkway will be shifted to the left toward the median onto new pavement. For the past few months, the traffic has been shifted to the right onto temporary pavement.

The on-ramp from Southway onto southbound parkway will be closed during the day in order to make the move. People wishing to go south on the Parkway should go west on Greenbelt Road and use the Kenilworth exit onto the beltway and then back to the Parkway southbound. Southbound Parkway and Southway traffic will experience major delays.

The Northbound lanes will not be affected by this operation. Variable message signs are in place for the southbound parkway traffic and Southway traffic. Please observe the messages displayed.

On June 27, the northbound lanes are expected to be shifted, weather permitting.

Council Briefed on MARC And Metro Start-up Plans

by Pat Scully

The MARC commuter rail station located at the future Greenbelt Metro station will be in service in August, 1992, Jerry Gough of Metro told the City Council at the regular June 8 council meeting. The station is on the line that runs from Union Station in Washington to Camden Yards in Baltimore.

For the Metro station itself, "we expect to meet our operations deadline of late 1993," said Gough. At that time the Metro green line will begin service from its terminus in Greenbelt, through the College Park, Prince Georges Plaza and West Hyattsville stations, to the Fort Totten station of the red line. "Gap trains" will run between regular red line trains to serve commuters transferring from the green line. The "inner green line," to a major transfer station at Gallery Place, will be completed later.

Station and Parking

John Grantham, Metro's resident engineer during construction, told council that he expects work on the station to be finished in October. Follow-on contracts have begun for mechanical and electrical work, escalators, elevators and laying the tracks. Breda Construction in Italy is now building the cars. As these are completed, they are being shipped to the United States and stored in the rail yard at Alexandria.

A 500-car interim parking lot will be ready in August to serve the MARC station. The permanent parking lot will be constructed under a 12-month contract, beginning in September. When the Metro station opens, parking will be available for 3,500 cars, with both regional and local kiss-and-ride and park-and-ride facilities.

Local access to the parking lot will be from Cherrywood Lane; regional access will be from the inner loop of the Beltway (coming from west of the station)

and to the outer loop (heading west). Non-local commuters, i.e., those who would use the Beltway, who live east of the Greenbelt station are expected to continue using the New Carrollton station.

Until the Metro station opens, parking will be free at the MARC lot; parking fees are expected to be around \$1.50 throughout the lot once Metro opens, although free on weekends.

Bomb Threat at Roosevelt Creates Bother, No Booms

by Robert Levine

On Wednesday, June 10, Eleanor Roosevelt High School received a bomb threat. The call came in at approximately 3:45 p.m. — 15 minutes before the end of school. After the school was evacuated and searched, no bomb was found. Police have no suspects.

Dr. Gerald Boarman, principal, was not at the school at the time. The situation was handled by administrator Dr. Dorothy Harrison. Roosevelt secretary Mickey Devaney notified the county police who, along with the Greenbelt Police, helped evacuate the building.

According to Harrison, county guidelines state that in the event of this kind of an emergency, the first priority is to evacuate the school in a safe and orderly manner. The administrators did this by sounding a fire drill bell. Once the school was evacuated, administrators spoke to students and faculty outside, informing them of the situation.

Police sealed off the school building to keep people from going back inside and then police called the owner of a bomb-sniffing dog used by the fire department. Fire department officials arrived with the dog at 4:50 p.m.

"The bomb threat was an inconvenience to everyone," said Harrison. Final exams were being given when the threat was made; some students were not able to finish before the evacuation. (A few teachers had to nullify exams because of the possibility that some students discussed answers outside).

City Reviews Office Park Plans, OK's Lake Park Plan

by Pat Scully

Capital Office Park plans include three more buildings. At its June 8 meeting, the Greenbelt City Council heard a review of the proposal, approved the Buddy Attick Park Master Plan and urged the county to appeal the Sunrise project.

City planner Celia Wilson reported on the preliminary plan of subdivision for the remaining undeveloped acreage at Capital Office Park. The plan calls for creation of three buildable lots, with 568,000 square feet of office development, and one unbuildable lot containing floodplains, steep slopes and other environmental constraints.

Currently city staff, MNCPPC staff and the applicant are discussing the adequacy of public facilities. The developer may be asked to widen Kenilworth Avenue; install traffic signals at the intersections of Ivy Lane and Kenilworth, Cherrywood Lane and Kenilworth, and Ivy and Cherrywood; and undertake certain other improvements such as adding another dedicated left-turn lane at the Crescent Road and Kenilworth intersection.

According to Wilson, the developer is reluctant to pay for all of the improvements called for in the traffic study, feeling that other contributors to the increased traffic load, such as the Federal Courthouse and the Metro station, should also contribute to road improvements.

Also at issue is the adequacy of fire and police services. The current formula assesses whether the county can provide adequate services; city staff are arguing that the test should be applied to city resources only, since the city will be the primary provider of services.

Doug Love requested that bicycle lanes be considered in the planning for road improvements. Wilson said that the width of Cherrywood would allow for 12-foot-wide bike lanes, narrowing to five feet on the bridge over the Beltway.

Attick Master Plan

With very little discussion, council accepted the final draft of the Master Plan for Buddy Attick Park and established a 30-day period for public review and comments. Copies of the

after 4 p.m.—had to go home leaving their books and personal belongings in the sealed-off school. Other students waited for an hour and a half after the end of school for the building to be reopened in order to retrieve their belongings. In some cases, classrooms had been locked by teachers during the evacuation. Because so many students were unable to retrieve their books, Dr. Boarman allowed teachers to postpone final exams scheduled for the following day.

The school was reopened at 5:30 p.m. Prince Georges Community College evening classes were held as scheduled.

draft are available at the city offices and the library.

City Manager Daniel Hobbs called this period a chance for a final "reality check and validation, to ensure that the language in the draft doesn't stray from the intent of council."

Other Issues

Council also voted 4-0 to formally request that the county appeal the most recent court decision regarding the Sunrise Apartments project. (Council member Thomas X. White was unable to attend the meeting because of a death in the family).

The latest court of appeals decision had restored to the Sunrise developers the denser zoning in effect on the property before the Sectional Map Amendment (SMA) was adopted May 1, 1990. In the SMA, the site was changed from R-10 (residential with a maximum of 48 units per acre) to R-18-C (condominiums with a maximum of 12 units per acre).

The court had denied the city's standing to join the county's case or to file an amicus curiae brief; therefore, the city's only available input was to urge the county to continue the appeal process.

Council also gave tentative approval for revised job descriptions for three city employee positions, awarded contracts for purchase of police vehicles and for 4th of July fireworks, adopted a proclamation concerning Flag Day, and congratulated city staff and citizens for the dedication of Schrom Hills Park.

Card Shop Opens

Serenity Card and Gifts store will open in the Roosevelt Center on Saturday, June 20. The shop is located at 143 Centerway, where the shoe repair store used to be.

Serenity Card Shop is co-owned by life-long Greenbelters Bucky Fitzgerald and Carl Bennett. The store will carry 12-step, self-help and recovery cards, books and gifts as well as occasion and seasonal cards and gifts.

Open Research

Open Research Road full-time. I want to drive to the Parkway off Powder Mill and go to Baltimore, shopping in Laurel and other locations without a tour of GHI or the continually increasing traffic lights and industrialism of Greenbelt Road.

I am a GHI resident. I rush out of work to reach Research Road before it closes at 6 p.m. (6 p.m. is officially "dusk"). When I have an errand to run, I fail to reach the gate in time and am forced to take a 25-minute adventure down Greenbelt Road. If I stop at Greenway Center, it takes three traffic light patterns to be released from the parking lot. Changes in these traffic patterns and increased building in Bowie, Glenn Dale, Lanham and all other areas of Greenbelt have driven animals into the roads. Specifically, on Soil Conservation Road there is the new Goddard Drive development NASA's building clearing, a police training area (vans, dogs and firearm targets) behind a house type construction on Soil Conservation Road, and USDA road repairs and constructions have also impacted the wildlife.

The recent implication that Soil Conservation to Powder Mill Road is a short cut reflects a parochial residential view which would like the city of Greenbelt to be disconnected from its environment (without regard to the increased population and congestion on Greenbelt Road). Lanham and Greenbelt East residents are bombarded by Greenbelt Road traffic. Soil Conservation Road is not a short-cut, it is the only alternative route.

Animal carcasses are seen on every road, including the Beltway, and if some people had their way they would close it as well. Closing one road will not resolve the problem. A mesh type fencing on Soil Conservation Road could be maintained periodically, as easily as a continuous gate keeper. I suggest lighting be provided on these roads to increase visibility.

People of Greenbelt Homes: The new school is going to increase traffic on Research Road. If Research Road is closed, there is one other route—through your town. Too late now—buses are transporting non-residents to school. I will be surprised if all the buses can miss all the suicidal squirrels! I've been lucky so far.

Come Eat the Weeds

Watkins Nature Center is having a series of programs for seniors. On Wednesday, June 24 from 1-3 p.m. learn how to identify edible weeds, see the wild vegetable garden next to the center, and taste some samples.

Who's a Family?

I recently joined the Greenbelt Aquatic and Fitness Center, along with two of my sisters and nephews. We live together in Greenbelt and applied for a family membership. There was no problem when signing up—they took the form and my check for \$135. Two days later, I received a call telling me that sisters living in the same household do not qualify for family!

This took me by surprise as I've always assumed my sisters were my relatives. You can't be much closer than blood relatives! Apparently they are "cracking down" and you have to be a parent, son or daughter. Wake up, Greenbelt: Siblings do count as family!

Rather than have the three sisters each pay for a separate pass (one of them amounting to \$135 for a family, since she has children), I told the woman that we did not want to be members, so she is returning my check to me. I find it hard to believe that they are so selective in their membership screenings that sisters can't have a family pass. Another shrewd move, Greenbelt!

Looking for Les

I am writing to ask if you could assist in finding a former World War II Air Force veteran who was from Greenbelt. He was a very good artist and we were told he did a portrait of General George Marshall which was hanging somewhere in Washington, D.C. He did much of the good "nose art" on our planes.

His name is Leslie E. Emery and his last known address was 44-B Ridge Road. He was in the 12th Air Force, 57th Wing, 321st Group, 447th Squadron.

This year is the 50th anniversary of the 57th Wing, which formed up in Columbia, S.C. in 1942. The reunion will be held in Columbia in September. Les may be deceased, of course, but I would certainly like to know one way or another.

If you have any information concerning Leslie Emery, please write to Alton Fowler, 14619 Ravenhurst, Houston, TX 77070.

Kangaroo Katie Gets Okay For Outdoor Barbecues

The Prince Georges County Board of Licenses has approved Kangaroo Katie's request to sell alcoholic beverages outside its restaurant in conjunction with a series of Friday night barbecues. The first "Shrimp on the Barbie" was held on June 12.

At its May 11 regular meeting, the Greenbelt City Council had unanimously voted to oppose Kangaroo Katie's request. This action by council was based upon its concerns about parking, crowd control and the effect on traffic and neighboring businesses.

Council gave special attention in its discussion to the request by Combined Properties, the company that owns the rest of Greenway Center, that the request be denied. Sheldon Goldberg of Windsor Green spoke against the proposed event, saying it would make the already tight Friday night parking situation even worse. Both council member Antoinette M. Bram and Mayor Gil Weidenfeld said they would be more agreeable to a one or two-time trial, but were unwilling to agree to a regular series of events.

Traffic and crowds were another concern. Bram, predicting that Greenbelt Road drivers would be attracted by the event, held just off that road, questioned whether the resulting crowds could be controlled. Council member Edward Putens and Weidenfeld worried that similar businesses in the city would see this decision as a precedent and would request permission for similar events.

Display of Lilies

The Potomac Lily Society invites area residents and visitors to enjoy a spectacular display of the best of the lilies grown and exhibited by experts. The flower show will be held in the auditorium of the Administration Building at the National Arboretum on Saturday, June 20, 2-5 p.m. and Sunday, June 21, 10 a.m.-5 p.m. The Arboretum is located at 3501 New York Avenue in Washington, D.C.

"Greenbelt 20770" Debuts on June 30

Greenbelt Access Television, Inc. (GATE) will air its new show, "Greenbelt 20770" Tuesday, June 30, 7 p.m. and Thursday, July 2, 7 p.m. on Channel B-10. The show is the product of Greenbelt children, ages 9-13 who report, direct and moderate program segments regarding school activities, girl scouts, girls' softball and movie reviews.

Interviewed on the show are Rena Hull and Karen Yoho, leaders of local Girl Scout Troops and Dennis Lewis, coach of the Greenbelt Girls Softball team. Greenbelt 20770's reporters for this program are: Stephanie Clarman, Sean Cullinan, Rachel Gunde, Nicole Hinton, Kateri Hull, Lynn Hull, Sarah Lewis, Desiree Wolkmer and Kris Zugby.

This program is the first of a continuing series of regularly scheduled children's production. Children have been learning how to operate the television camera, direct, prepare and present reports and to critique their work. GATE plans to cover swim meets and other summer activities for its next Greenbelt 20770 program.

For those interested in helping (that includes parents) contact Bob Zugby at 345-2065.

Award Winning Author At Library Wed., June 24

Mary Downing Hahn, award winning children's author, will talk to children about her books on June 24 at 2 p.m. at the Greenbelt Library. Hahn has written more than 10 books of realistic fiction and contemporary fantasy for children. Her most recent book "Stepping on the Cracks" was named an American Library Association 1992 notable book and also won the Scott O'Dell award for historical fiction. It is set in a fictional town resembling one in Prince Georges County during World War II. Hahn recently left the Prince Georges County library system, where she had worked as a children's library associate, so that she can spend more time writing. She is working on a novel for young adults.

Many Greenbelters will remember her from her years at the Greenbelt library. Teens and adults who would like to visit with Hahn are invited to an informal reception following the program for children.

This is the first in the Summer Quest series of programs for children 6 to 12 years of age. The programs will continue on Wednesday afternoons through July. Hahn's visit is made possible by the Friends of the Greenbelt Library.

Chemical Dependence Anonymous Program

Chemically Dependent Anonymous is a program that deals with the disease of addiction to alcohol and drugs. No distinctions are made on the recovery process based on any particular substance, believing that the addictive-compulsive usage of chemicals is the core of the disease and the use of any mood changing chemical will result in relapse. The groups meet regularly to help themselves and others to remain free from chemical dependency.

There are a number of meetings in Prince Georges County. Some of the times and locations are as follows:

6 p.m. Sunday at Greenbelt Step Club, 155 Centerway; 6 p.m. Sunday at Greenbelt Step Club, 155 Centerway (Beginners' Meeting); 12 p.m. Tuesday at Greenbelt Step Club, 155 Centerway; 7 p.m. Wednesday at Greenbelt Community Church, 1 Hillside Road (Women's Meeting); 7 p.m. Thursday at Beltsville Baptist Church, Odell & Powder Mill Road; and 7 p.m. Friday at Greenbelt Step Club, 155 Centerway.

At the Library

Wednesday, June 24, 2 p.m. Meet children's book author Mary Downing Hahn. Hahn was a children's librarian at the Greenbelt library. For ages 6-12. This is the beginning of the Summer Quest reading program that runs Wednesdays.

Thursday, June 25, 10:15 a.m. ages 3-5 summer films and stories.

Fun at Goddard

It is T-minus one month and counting until the model rocket contest on July 19. Now is the time for participants to perfect their techniques. The Goddard Space Flight Visitor Center will have model rocket launch practice on Sunday, June 21 at 1 p.m. Participants should bring the rocket they think will fly the best in July and do a test run now. All interested persons are invited to watch. All launches are monitored for safety.

Orientation June 25 For Good Neighbors

The Greenbelt Police Department will conduct a special orientation for Crime Prevention on Thursday, June 25, 7 p.m. in the Community Room above the Springhill Lake Pharmacy.

People who can spare two hours to learn the do's and don'ts of self-protection, how to recognize suspicious behavior and what to do about it are invited.

by Joanne Kellaheer

St. Hugh's Sodality Spring Dinner, held June 3 at the Greenbelt American Legion, was well attended by Sodalists, guests and Sodality moderator Father Crowley.

Officers for the new year, Mary Kerley, prefect; Joanne Kellaheer, vice prefect; Marie Ammerman and Marguerite Kincius, secretary; and Gloria Wilson, treasurer, were installed at a mass preceding the dinner.

Dinner and entertainment by Gloria Wilson and Lori Moran was enjoyed by all.

Chairpersons for the dinner were Kathleen McFarland and Marguerite Kincius.

See the Day Lillies

Tour the National Arboretum's extensive daylily test planting of species and varieties assembled from other botanical gardens and from plant explorations. The lecture and walk are on Friday and Saturday, June 26 and 27 at 10:30 a.m. Meet at the Boxwood parking area.

Local Families Needed In Cultural Exchange

Approximately 30 French and 15 Spanish teenagers are eagerly planning to experience life in Maryland and Washington DC. this summer through its Annual Nacel Exchange Program. Students from Spain will arrive on July 2 and stay for four weeks. The French students will arrive on July 14 and stay for three weeks. The students speak English, bring their own spending money and are eager to share American life for one month. The host family need only be willing to share their daily activities.

So far only half of the students can be assured housing. This area of the United States is one of the most exciting for a foreign student.

Families interested in hosting a French or Spanish student should contact Ruth Jamison, 1236 W. Pulaski Hwy., Elkton, Md. 21921, (410) 398-8486.

Greenbriar News

The pool season is here! Residents will find many changes on their first trip to the pool. Renovations of the recreation area continues, soon the new picnic area, the sand volleyball court, and the plaza area will be ready for use. Residents of all ages will have a variety of activities available for their enjoyment.

The Greenbriar Social Committee is busy planning special events for the summer season. The first hot dog roast of the summer will be held on Saturday, June 27 from 1 to 4 p.m. in the picnic area on the hill. The moonlight swim originally scheduled for June 20 has been changed to August 8. Watch bulletin boards for more information. The biggest event at Greenbriar, the pool party picnic, will be held on Saturday, July 11 from 6 to 11 p.m. Tickets for this event are sold in advance.

MAKE CO-OP YOUR PICNIC AND PARTY HEADQUARTERS

14 and 15 Year-Olds Winning at Baseball

by Jeff Keir

The Greenbelt Boys & Girls Club is fielding two county boys baseball teams this season: a 14 and under team (boys born in 1978 and 79) and a 15-year-old team (boys born in 1977).

14 and Under

The 14 and under team is nearing the end of their season, having begun play on May 12. The team of 14 players has only three veterans of County ball—Peter Cone, Michael Garvey and Terence Towler. All of the other players never played on a 90-foot diamond before, most playing before this year on a Little League diamond.

After a shaky start for this young team, going 0-3 with a couple of tough losses, the team turned things around. As of June 12, the team has a 6-3 record with a couple of blow-outs under their belts—a 15-0 win over Forestville and a 17-4 win over Clinton No. 2.

Leaders

Team leaders (as of 6/12) are: Robert Artman with 19 at-bats, 10 hits, 8 runs scored and 8 stolen bases; Neil Comparetto with 5 RBIs and 11 stolen bases; Cone with 17 at-bats and 8 hits; Armando Cremata with a .692 on-base average that includes 3 hits and 6 walks; Eric English with a .688 on-base average that includes 4 hits and 7 walks; Garvey with 6 hits and 5 walks; Bruce Lindsay with a .750 on-base average; and Towler with 15 at-bats, 10 hits, 4 walks, 7 runs scored, 7 RBIs, a .667 batting average, a .737 on-base average and 10 stolen bases.

Positions

Artman and Cone are the main pitchers with Mike Carey and Towler doing most of the catching. Pete Campbell plays 2nd and catches; Comparetto plays shortstop and 1st; Cremata plays at 1st; English plays right field; Harry Flores plays center field; Garvey plays at 3rd and left field; Jeremy Holbrook pitches and plays 2nd; Gregg Jarboe plays left field and at 2nd; Lindsay plays left field; and T. J. Lubey plays shortstop. All have contributed to the team's success. The coaches for the 14 and under baseball team are Joe Ju-

nek, Mike Carey and Latana Kennedy (all rookies themselves). The team's final two games are home at Braden Field No. 1, Saturday, June 20, 9 a.m. vs. Bowie No. 2 and Monday, June 22, 6:15 p.m. vs. Kettering.

15-Year-Olds

The 15-year-old team started play on June 2, and as of June 15, has a 3-1 record. The team plays through July 16 with a 15-game schedule (plus playoffs). Opponents in the County's 15-year-old National League are Lewisdale, New Carrollton, Beltsville, Landover Hills and Laurel.

The team's two starting pitchers are Buddy Humphreys (3rd and OF) and Jason Tanner (OF) with Brian Doss doing relief. Behind the plate are Brian Doss and T.J. Trimble (3rd and SS). Other team members are Jeremy Floyd (CF), Mike Frostbutter (OF), Billy Keen (2nd and 1st), B. J. Koh (RF), Brian Lappin (SS and 2nd), Scott Lubey (1st), Craig May (OF), Bob McNulty (OF), Miguel Pereira (OF and 2nd), and Neil Toomey (OF and 2nd). The 15-year-old team coaches are Jeff Keir and Bill Keen.

The 15-year-old team's next home game at Braden No. 1 is on Saturday, June 20, 11 a.m. (right after the 14 and under game) vs. Lewisdale. Call the Club's Sports Line for other games scheduled at (202) 310-1066.

Mosquito Control

The Maryland Department of Agriculture will begin their mosquito control program in Greenbelt. Spraying will only be done if a request is received and the Department of Agriculture determines the area requested should be sprayed.

The city's Public Works Department, 474-8004, will take citizens' requests for mosquito spraying and pass them along to the Department of Agriculture. When making requests for mosquito spraying, it is important to specify the time of day

the mosquitos are the worst and describe the exact location of the problem area. Spraying will only be done once a week. To request that an area be sprayed, call 474-8004 by Friday, at noon to be included in spraying on the following Tuesday evening. If no requests are received, no areas will be sprayed.

Mosquitos breed in any water holding container, including bird baths, wading pools, pet watering dishes, tin cans, old tires, clogged gutters or flower pots. To prevent mosquito breeding in these areas, water should be changed weekly, gutters cleaned

out and other water holding containers should be disposed of or stored upside down.

Folklife Festival

The Smithsonian Institution needs volunteers to help before and during the Festival of American Folklife, held outdoors on the National Mall June 25-29 and July 2-5. For information, call (202) 287-3445.

Dozens of volunteers are needed each day of the Festival to assist craftspeople, dancers, musicians and cooks; to watch equipment during break; to perform administrative duties, to work with grounds and stage crews; and to provide hospitality for visiting participants.

This year's Festival features programs on the state of New Mexico, "Workers at the White House," American Indian musicians and Maroons (descendants of enslaved Africans who escaped New World plantations in the 16th and 19th centuries).

The Festival particularly needs bilingual volunteers who are fluent in English and one of the following languages: Spanish,

Hazardous Waste Collection June 28

Dept. of Environmental Resources invites county residents to dispose of their unused and unwanted household hazardous waste on June 28 at the Prince Georges Community College, 301 Largo Road, in Largo, from 8 a.m. to 3 p.m. Materials such as motor oil, oil-based paints, cleaners/solvents, pesticides, herbicides and old car batteries will be accepted. Mixed paper will not be collected. To coincide with this collection day, the Brown Station Road Landfill in Upper Marlboro will hold a "Free Homeowner Disposal Day." The normal tip free will be waived and large/bulky non-commercial items will be accepted. For more information call 95-CLEAN.

French, Dutch, Navajo, Jamaican creole or Sranan, a language spoken in Suriname and French Guiana.

Police Blotter

Based on Information
Released by the Greenbelt
Police Department

On June 6, around 3 p.m., officers responded to a report of a fight in 57 Court Ridge Road and found that a 29-year-old resident man had hit someone with his vehicle after a domestic dispute. He was arrested and charged with assault with intent to murder and with driving with a suspended license.

He appeared before a District Court Commissioner and was held on \$30,000 bond pending trial. The victim was taken to Prince Georges Doctor's Hospital and treated for a fractured leg.

Two nonresident teenagers, aged 16 and 17, were arrested and charged with battery after they struck two other youths with their fists on the Spellman Overpass around 2 p.m. on June 5.

A 29-year-old resident man was arrested and charged with battery on June 8 after he struck an officer who was trying to question him. The officer was investigating a report of a suspicious person in a building in the 7400 block of Greenway Center Drive. The man appeared before a District Court Commissioner and was held on \$1,500 bond pending trial.

A 21-year-old nonresident man was arrested and charged with possession of marijuana on June 5 after his car was stopped for an equipment violation in the area of Cherrywood Terrace and Cherrywood Court. After appearing before a District Court Commissioner, the man was held on \$500 bond pending trial.

On June 7 a breaking and entering was reported at the swimming pool storehouse of the University Square Apartments. A CD player and weights were stolen.

On June 6 a 1988 Chevrolet Blazer was reported stolen from the 6000 block of Breezewood Drive. It was later recovered.

On June 7, a red 1990 Ford Mustang LX 5.0, MD tags XSE-109, was reported stolen from the parking lot of TGI Friday's (6400 block of Capitol Drive). Also on June 7, a blue 1971 Chevrolet van was reported stolen from the 7700 block of Hanover Pkwy.

Vandalisms to, thefts from, and attempted thefts of autos were reported in the following areas: the 6400 block of Capitol Drive, 36 Court Crescent Road, the 7700 block of Hanover Pkwy, 3 Court Laurel Hill Road, the 7200 block of Mandan Road, 4 Court Ridge Road and the 9100 block of Springhill Lane.

Some of Maryland's worst accidents lead to Prince George's finest achievements.

When an accident victim has virtually no chance of survival, the Trauma Team at Prince George's Hospital Center can change the odds.

Prince George's is the only hospital in this part of Maryland with trauma surgeons on duty 24 hours a day. Every day. For Prince George's Hospital Center is the only designated Trauma Center in this part of Maryland; the one to which the State Police bring victims of the region's worst accidents.

And it's among the nation's best, credited with saving the lives of 95% of their patients and counting each life saved as their finest achievement.

The Trauma Center's physicians and nurses are specially-trained and experienced in the split-second diagnoses and treatment that can make the difference between death and life. Anesthesiologists, cardiologists, obstetricians and pediatricians are prepared to help at a moment's notice. And all of these specialists are supported by dedicated people in every department of the Hospital Center.

The Trauma Team's expertise and excellence under pressure are typical of the Hospital Center's staff. Together, all of them have made healthcare above the standard their standard.

Healthcare above the standard.
